Kennedy Is 'Heartened' by Military

By FRED S. HOFFMAN
WASHINGTON (AP)—President Kennedy and the nation's military chiefs returned "heartened and encouraged" after seeing the fighting men and awesome firepower massed in the southeast facing Cuba.

The White House said this in a statement Monday night following Kennedy's 12-hour flying tour of three key bases—the Army's Ft. Stewart, Ga., Homestead Air Force Base, Fla., and the Navy's air and sea base at Key West, Fla.

For the first time since the Cuban crisis developed five weeks ago, reporters had a chance to see the extent to which U.S. armed might had been mobilized inside these bases.

Among other things, they saw: About 250 powerful rocket-armed jet fighters on alert at Homestead, advance command post for the Cuban operation. Another 200 jet interceptors, fighters and fighter-bombers in position at Key West, only 90 miles from Cuba.

Elements of the 15,561-man 1st Armored Division, the Army's newest, which had moved swiftly by air and rail from Ft. Hood, Tex., to Ft. Stewart last month when the United States seemed headed for possible use of force against Cuba.

This was only part of the build-up which extended to many other bases in the Southeast.

In brief talks at Ft. Stewart, Homestead and Key West, Kennedy stressed his "great appreciation" and the nation's indebtedness for the contribution made by the combat-ready forces in the period of crisis.

At the Boca Chica Naval Air Station at Key West, the President said:

"The reconnaissance flights which enabled us to determine with precision the offensive build-up in Cuba contributed directly to the security of the United States in the most important and significant way."

He said that "the days that we have recently passed, through have been among the most dangerous since the end of the Second World War."

There is no assurance that in other times "We may not pass through other dangerous days," he added.

The President said it gives him the Joint Chiefs of Staff, the Congress and the people the greatest satisfaction to see units of all the services "all working together in the greatest of causes, the defense of the United States."

Those sentiments were repeated in the White House's formal statement after Kennedy's 2,500-mile roundtrip tour of the Florida and Georgia bases.

"The President extended a 'well done' to all personnel concerned," the White House said.

Riding in a top down convertible, Kennedy passed slowly along lines of Air Force, Navy and Marine jets, patrol planes and bombers. Pilots and crewmen stood at attention in front of their planes.

The President's car halted often so Kennedy could exchange a few words and handshakes with some.

Highway Program Is \$198 Million

LITTLE ROCK (AP)—The state Highway Commission planned to present to the legislative council today a \$198 million program for the next two years.

The plan calls for \$98,591,424 the first year and \$97,233,424 the second, most of the money would come from federal funds.

Here's how the money would be spent:

Regular salaries, now \$7,148,000 would be increased to \$8,976,000 for each of the next two years.

Hourly wages, now \$4,958,729 increase to \$6.5 million each of the next two years.

General Maintenance and Construction: Now \$61.8 million; increased to \$80.5 million the first year and \$81.1 million the second.

The funds outlined in the three categories would bring the total to about \$194 million. The remainder would be used for minor additional items.

Castro Hasn't Softened, Says Mikoyan

By TOM HOGUE
UNITED NATIONS, N.Y. (AP)—Soviet First Deputy Premier Anastas I. Mikoyan said Monday night that sharp differences over Cuba still exist between the United States and the Soviet Union. He indicated there was no softening of Fidel Castro's stand.

The Kremlin troubleshooter talked to newsmen after attending a dinner acting Secretary-General U Thant gave for U. S. and Soviet negotiators on the Cuban crisis. Mikoyan returned to New York Monday after a 24-day visit to Havana.

U.S. Ambassador Adlai E. Stevenson, who attended the dinner, said he expects to resume discussions on Cuba Wednesday with Soviet Deputy Foreign Minister Vasily V. Kuznetsov. He said he expected the meeting to be "quite important."

Mikoyan said "very sharp questions" were discussed at the dinner with Stevenson and John J. McCloy, head of President Kennedy's Cuban coordinating committee.

"But there was no quarreling," the Soviet leader said smilingly.

Mikoyan said the possibility of his going to Washington for a meeting with President Kennedy was not discussed. The Soviets earlier were said to have put out feelers concerning a White House visit for Mikoyan.

In his talk with newsmen Mikoyan came out strongly for Castro's five-point demands, including U.S. withdrawal from the Guantanamo naval base and an end to the U.S. economic boycott of Cuba. Stevenson said the Castro demands were not discussed at the dinner.

Mikoyan also praised the Cuban government's offer to allow U.N. inspection of Soviet withdrawal of offensive weapons from Cuba in return for the dismantling—under U.N. inspection—of bases in the United States, Puerto Rico and elsewhere from which anti-Castro exiles are operating against the Cuban regime.

The State Department brushed off the Cuban proposal. U.S. officials said privately the Kennedy administration would make no such concessions to get fulfillment of Soviet Premier Khrushchev's agreement for U.N. inspection of Cuba.

Thant was reported urging the United States and the Soviet Union to go before the Security Council with a joint statement closing out the current phase of the Cuban crisis.

Informed sources said Thant envisaged a U.S.-Soviet statement noting removal of Soviet missiles from Cuba, the promise to pull out Soviet jet bombers and the end of the U.S. naval blockade.

TROOPS THE LINE — President Kennedy "troops the line" as he inspects troops and equipment at Ft. Stewart, Ga. With the President is Army Chief of Staff Gen. Maxwell Taylor. Kennedy is on a tour of military bases in Georgia and Florida that were alerted during the Cuban crisis.

KIDNAP CHURCH CHOIR — These three inmates of Folsom Calif. prison kidnapped and held hostage a visiting church choir and killed a fellow inmate with a homemade knife when he tried to prevent the kidnapping. Left to right: Farrell H. Fenton; Edward Vaughn, and Edward W. Maher. The choir members were released unharmed after 3½ hours.

Schools May Get \$63 Millions

LITTLE ROCK (AP)—Anticipated state revenues by the 1964-65 biennium are expected to reach \$126,800,000 and the public schools should get \$63 million of it, Gov. Orval E. Faubus told the Legislative Council today.

Faubus told the council requests from general revenues amounted to \$138,076,000 but that he had cut these by \$12 million, allowing for an increase of \$14,155,000 over the previous budgets.

State fiscal officers have predicted the state's general revenues will continue to rise at the rate of about five per cent a year. Faubus emphasized that his top figures would not be reached until the second year of the biennium.

General revenues for this biennium are expected to total \$112,645,000.

Following the governor's message, Sen. Robert Harvey of Swiftwater asked what would happen if the anticipated increase fell short.

He was told by Budget Director Julian Hogan the budgets would be reduced accordingly. Hogan pointed out that this was the procedure called for under the Revenue Stabilization Law.

"Everything I see and hear indicates no general increase in existing taxes," Faubus said. "And I see no possibility of any new taxes of a general nature. This still further indicates the need for fitting the budgets into anticipated revenues."

Rain Delays Trials at Booneville

BOONEVILLE, Ark. (AP)—Velcan observers marked four dogs as likely for advancement before sudden rain cut short qualifying rounds for the Southwestern Championship in the Arkansas Association Field Trial Monday.

Home Again Hattie, a female pointer owned by Mrs. G. B. Oliver of Little Rock and handled by Jack Harper of Benton, Miss., was termed most impressive in the round. She found three coveys and showed a determined piece of birdwork.

Larrikin won observer points on a stylish find and strong forward finish. The dog is owned by Ben Hogan of Little Rock and handled by Leon Covington of Fort Deposit, Ala.

Handler Marshall Loflin of Norwood, La., guided In Orbit, a pointer owned by Thomas Woodside of Jackson, La., through a strong ground race and what onlookers termed a spectacular find.

Hattie Again, also handled by Harper, was given credit for the widest and most expansive race. Judges will not announce final selections until the end of the

Macmillan, Kennedy to Meet in Dec.

WASHINGTON (AP)—The White House announced today that President Kennedy and British Prime Minister Harold Macmillan will meet in the Bahamas Dec. 19 and 20 for a review of world problems.

Confirming earlier reports from London, the White House said Kennedy and Macmillan "have felt that it would be useful to have a further meeting to continue the informal series of reviews of the world situation which they have held from time to time."

The conference, which will be the sixth between Kennedy and Macmillan, is expected to be held in Nassau. The White House did not say so directly, but a spokesman noted that presidential press secretary Pierre Salinger is in Nassau today.

The Press secretary and other White House aides ordinarily visit the site of a presidential conference in advance to make necessary arrangements.

Disarmament Talks Back in Old Rut

By DORIAN FALK
GENEVA (AP)—The 17-nation disarmament conference was back in its familiar deadlocked rut today after resuming with expressions of hope that nuclear weapons tests would soon be banned. Neither the Western powers nor the Communists showed signs of giving ground on the inspection issue.

After both sides indicated at the reopening of negotiations Monday that the Cuban crisis had created a new sense of urgency for progress in Geneva, their statements on nuclear testing put them once again on a dead-end course.

Soviet Delegate Semyon K. Tsarapkin expressed his willingness to sign a test-ban agreement, but only on Soviet terms, without any kind of international inspection and supervision demanded by the United States and Britain.

Tsarapkin contended existing national detection systems are adequate to enforce a test ban. He also rejected an American-British proposal for a ban on surface and atmospheric tests—polled only by national detection systems—while experts try to get together on the thorny underground testing problem. He said the Russians want to stop all nuclear tests now, not just some of them.

The usual impasse developed after the conference had heard a message from President Kennedy urging them to give high priority to a test-ban treaty "in view of the crucial developments within recent weeks."

Tsarapkin aroused British delegate Joseph B. Godber's protests by repeating an accusation the Soviet side has made for more than a year. He said the two Western powers do not really want a test ban.

"What they want is to gain military information about the Soviet Union, and that is espionage," Tsarapkin said.

Godber retorted, "We have heard enough of this. Let's not talk about espionage any more."

The conference is not meeting today. The next session is scheduled for Wednesday morning.

Defense to Cross Examine Witness

RALEIGH, N.C. (AP)—Defense attorneys cross-examine today Joseph Green of New York City who has admitted he bribed college basketball players to fix games.

Green told a Superior Court jury here Monday about his involvement in the nationwide game-fixing scandal after pleading guilty to about 30 bribery counts.

He had turned state's evidence in the case against Dave Goldberg and Steve Lekometros, two St. Louis men being tried on bribery charges.

Green discussed four games involving North Carolina State College and South Carolina during the 1959-60 season.

He told of falling out with Goldberg and Lekometros, whom he described as his backers or money-suppliers, after fix arrangements went awry in a Duke-State game.

Earlier, arrangements worked out well, Green said, in a North Carolina State-Wake Forest game at State-South Carolina game, and a South Carolina-Georgia Tech game.

Brazilian Jet Carrying 97 Falls in Peru

By DIEGO GONZALES
LIMA, Peru (AP)—A Brazilian jet, flying toward Los Angeles with 97 persons aboard, was found wrecked 75 miles south of Lima today with no sign of survivors. Peruvian officials reported.

The Varig Air Lines 707 had disappeared eight hours earlier as it headed for a landing at Lima's International Airport about 3:30 a. m. EST.

A search plane said the Boeing plane seemed to be completely destroyed. It was sighted 75 miles south of Lima near the Pan-American Highway.

6 Directors Named to C of C Board

Six new directors have been elected to the Board of the Hope Chamber of Commerce. Those elected were Bill Tolleson, Tom Ed Hays, T. C. Cranford, Eugene White, James Howell, and Harrell "Bud" Collier. They will begin their term of office on January 1, 1963. Retiring directors are Harry Hawthorne, Frank McLaughlin, Mrs. Freda Greenan, and James Pilkinton. T. C. Cranford and James Howell served out the unexpired terms of Mitchell LaGrone and Bill Caldwell and were re-elected to the Board for a full term.

The Board, at its next regular meeting, will elect new officers and outline plans for the coming year. Bill Wray, presently serving as President, was elected in July to serve out the unexpired term of Bill Caldwell, who was transferred to Athens, Texas, by his employer, the J. C. Penney Company.

Earns Rifle Honors at Age of 12

Keith Byrd

Last Spring, Keith Byrd, son of Mr. and Mrs. Claud Byrd of 611 West 4th Street, earned his Expert Rifleman Award at the age of 12 to become the youngest shooter ever to qualify for this coveted medal in the local Rifle Club. Mike Westbrook and Larry Don Wright also qualified for the award just prior to Byrd, but both were a few months older at the time of receiving their award. All three are excellent shooters, and on the basis of their yearly average, were all selected to receive a Rifleman of the Year Award from the National Rifle Association for 1961-62. These shooters, along with Linda Sue Parsons and Jack Fountain, will move into the advanced shooting group this year at a very early age. Fountain and Miss Parsons are very close to completing requirements for their Expert badge. To attain Expert, a shooter must move, step by step, through 14 shooting ranks, which isn't done in a short time, usually taking from 2 to 5 years, depending on how the Rifleman progresses and applies himself, and the time that the instructors are able to work with each individual.

As a result of his progress and attitude, Byrd was selected by his instructors, last spring to open the early part of this year's shooting season with a photograph and write up on shooting. Since Byrd underwent surgery for the amputation of his leg before the picture was taken, the photo was made in his hospital bed, displaying his Rifle, shooting jacket and medals.

Keith has shown every indication that he will definitely continue his shooting regardless of circumstances. He has shown great determination and excellent spirit. He is not a quitter, which is a fine tribute to a fine boy and an outstanding Rifleman.

AIDC Asks for More Ad Money

By JOHN R. STARR
LITTLE ROCK (AP)—The Arkansas Industrial Development Commission asked the Legislative Council today to override Gov. Orval E. Faubus' recommendation and give the agency more for advertising.

The AIDC, asked for a budget of \$761,400 a year for the next biennium. The governor has recommended \$512,800. The agency got \$494,500 last year.

AIDC Chairman Winthrop Rockefeller said some of Faubus' recommendations cut the agency below the amount it got last year.

For example, he said, AIDC spent \$183,000 for advertising and the governor wants to give it only \$145,000 next year. The AIDC is asking \$310,000.

The governor's recommendation of \$15,000 for extra help which includes consultants' fees, compares to a 1961-62 figure of \$25,000. The AIDC wants \$23,000 for next year.

Final Rites

OKLAHOMA CITY (AP)—Funeral services were to be held at Tahlequah today for J. Berry King, 74, former Oklahoma attorney general who died Saturday.

King was a native of Harrison, Ark. He was appointed assistant attorney general in 1929. He was elected to the post in 1939. After an unsuccessful bid for governor in 1934 he re-entered private law practice at Oklahoma City.

Shots at Nashville

NASHVILLE, Ark. (AP)—Officials said Monday 4,497 doses of Sabin Type I oral polio vaccine were given to Howard and Pike County residents during an inoculation program. A makeup clinic has been set Sunday and Type II of the vaccine will be given Jan. 6. Officials said some residents may have not received the vaccine because of bad weather.

Young Burglar

CONWAY, Ark. (AP)—Conway police said Monday a 13-year-old boy has admitted the burglary of 12 homes in the city Thanksgiving Day. Police Chief O. H. Mullenax said the youth was also charged with the burglary of seven Conway business firms Nov. 8, along with three other youths. Mullenax said the youth, working alone on the holiday, would knock on the doors of the homes to see if the owners were in. He said a large number of the articles taken were recovered.

Atom Science Is a Super Detective

By JOHN A. BARBOUR
WASHINGTON (AP)—Atomic science, a super detective capable of sniffing out invisible, centuries-old clues, has been enlisted in the war against crime.

The American Nuclear Society heard a half-dozen reports today about this nuclear Sherlock Holmes which can spot the culprit in a shooting, trace narcotics and test the age of whisky.

The technique has even been used to investigate what killed Napoleon.

One proof of its worth: by measuring the concentration of tritium, a radioactive form of hydrogen, the Internal Revenue Service can determine a whisky's real age.

In the past three years, according to a report offered by M. J. Pro, tax agents have checked 250 imported spirits, and found 95 per cent of the imports were labeled improperly.

In another report, Dr. Vincent P. Guinn of General Dynamics Corp. told of other techniques to expose the smallest traces of gunpowder on the hands of those who have recently fired weapons.

As ample smear is taken of a suspect's hand. Then a small sample of the washing is irradiated in an atomic reactor. The resulting radio-isotopes are studied by their fingerprints of radiation.

Scientists claim they can spot traces of gunpowder residues as small as 10 billionths of a gram.

By determining the amount they can also get a measure of how often a gun was fired.

The FBI and a number of police departments, he said, are closely following the results of these experiments.

Won by 8 Votes

YELLVILLE, Ark. (AP)—Marion County officials said Monday a recount of votes in the sheriff's race in the general election Nov. 6 showed George Hickey of Flip-pin defeated incumbent Jack Pace by eight votes. The final count showed 969 votes for Hickey and 961 for Pace. Hickey, a write-in candidate, had a 53 vote lead in unofficial results.

All Around Town

By The Star Staff

The Houston Chronicle recently ran an article about five sorority sisters, all teachers, and their two-bedroom, two-bath apartment . . . and apparently they live happily although it must be a bit confusing at times . . . the article, accompanied by two pictures, tell of the life the girls lead and how they share everything including work . . . one of the teachers is Carolyn Strong, daughter of Mr. and Mrs. Sam Strong of Hope.

DeQueen to Get a New Shoe Plant

DE QUEEN, Ark. (AP)—A shoe manufacturing firm with plants in Canada and Argentina, as well as the United States, may locate at DeQueen if an ample labor supply can be assured and financing arranged.

Don Allison, president of the DeQueen Development Corporation, said Monday he had been notified by letter of the selection of DeQueen as a site for the plant.

The company, which was not named, would employ 200 persons at DeQueen in the manufacture of rubber-soled basketball shoes Allison said.

He said the firm also has two plants located in the eastern United States.

The development corporation has submitted an application for a \$231,000 loan from the Area Redevelopment Administration. DeQueen became eligible for the loan after the ARA designated the community an area of persistent unemployment earlier this year.

The ARA loan, if approved, would be used to build and equip a plant, Allison said.

The company would put up \$25,500 and a bond issue election would be called for \$209,000 in bonds, of which the company would repay \$153,000.

The development corporation has applied with the state Employment Security Division for a program which, if approved, would train 125 workmen shortly after a contract is signed by the company and the development group.

Representatives of the company are due at DeQueen in the next few days to select one of three potential sites for the firm's plant, Allison said.

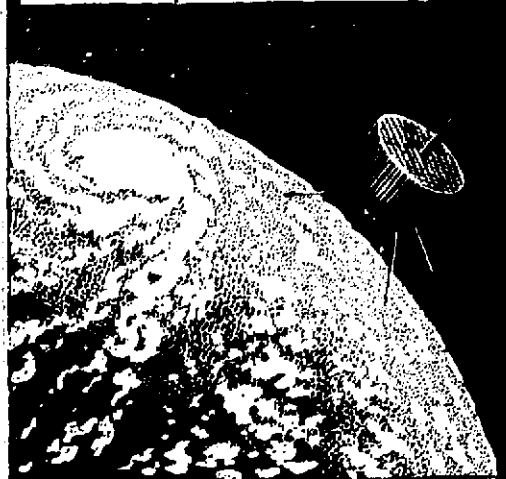

The company's facilities would be housed in a 40,000-square foot, concrete block, air-conditioned building, he said.

Trial Delayed

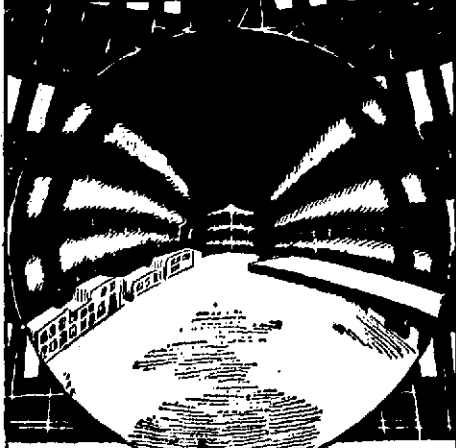

BENTON, Ark. (AP)—Circuit Judge Henry B. Means postponed Monday the retrial of a multi-million dollar suit by Marshall Stanley against the state Highway Department over land condemned for Interstate Highway 30. Means said the trial was postponed because of the illness of a department appraiser. Stanley has been awarded \$150,000 for the 18 acres of land, which he contends is worth \$20 million. The Highway Department valued it at \$3,500. The state Supreme Court reversed the \$250,000 circuit court award and ordered a retrial.

Sputnik Plus Five

The U.S. led off 1960 in space in March when the Pioneer V interplanetary probe set a long-distance radio transmission record of 23 million miles. Even more successful was Tiro, launched in April. World's first weather satellite, it relayed thousands of pictures of the earth's cloud patterns.

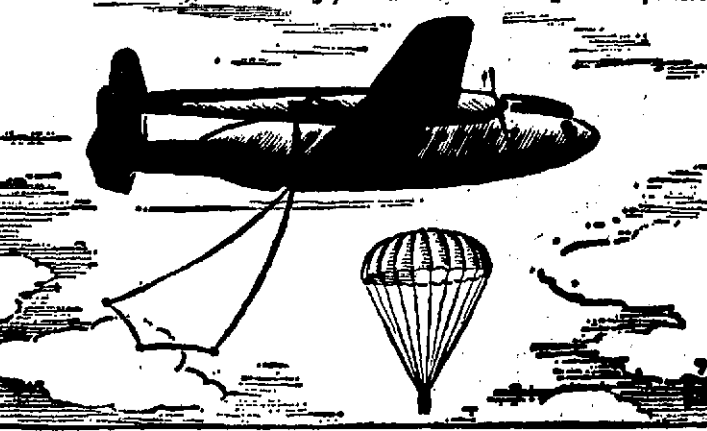

(7) Parade of Satellites

April also saw the launching of Transit 1-B, the first navigational satellite. In August, Echo I became the largest satellite put into orbit. The 100-foot-diameter reflecting balloon paved the way for a world-wide communications system.

By Don Oakley and Ralph Lane

In preparation for manned space flight, Russia announced in May the launching of its first 'spaceship.' A malfunction (first ever admitted by them) sent it into a higher orbit instead of bringing it back to earth. On Aug. 11, the U.S. was first to recover a satellite from space when divers retrieved the 300-pound Discoverer XIII capsule from the Pacific. A week later, Discoverer XIV was snagged in mid-air, a feat which became routine. On Aug. 20, Russia recovered another spaceship containing two dogs and other animals after 17 orbits. Clearly, the coming year would see man go into space.

Shot to Death

CLINTON, Ark. (AP)—Fletcher Williams, 66, of Clinton was shot to death Monday. Sheriff Armon Ward of Van Buren County said the shooting happened at the home of Mrs. Ellen Howard in the Peedee community four miles east of Clinton. Mrs. Howard was held on an open charge, Ward said. Williams was shot once in the face with a .22 caliber rifle, he said.

21,106 Get Good

BLITHEVILLE, Ark. (AP)—Mississippi County Welfare Director Leroy Richardson said Monday that 11,256 persons have been added to the number eligible to draw free surplus commodities, bringing the total eligible in the county to 21,106.

There were 311,945 telephones in Arkansas in 1962.

qualifying rounds. The two-hour endurance runs for the championship begin Wednesday.

Kennedy

Continued From Page One
of the pilots and unit commanders. He was briefed in secret on the reconnaissance and air cover operations.

By FRED S. HOFFMAN

WINESVILLE, Ga. (AP)—President Kennedy today told 3,000 soldiers of the Army's newest armored division that they and millions of their comrades form "the keystone of the arch of freedom around the world."

Standing hatless and without a topcoat in a stiff, cold wind, Kennedy thanked the men of the 1st Armored Division—"Old Ironsides"—for their services to the country during "the difficult period of the past weeks."

The President landed at Ft. Stewart at 10:18 a.m. under blue skies to start a one-day swing through Army, Air Force and Navy bases in Georgia and Florida.

Kennedy was making the 2,500-mile round trip to pay his personal respects to American fighting men who were massed in the southeastern part of the United States when the Cuban crisis began in late October. He rode in a black limousine along a 1,000-yard line of M48 Patton tanks, armored personnel

carriers, howitzers and Honest John missiles.

The green-clad troops snapped to attention as he passed.

The President halted several times and got out of his car for a closer look at the equipment and to chat briefly with some of the men.

Kennedy, speaking from a reviewing stand, flanked by heavy ranks, told the men drawn up before him that he wanted to express appreciation on behalf of the people of the United States. He did not mention the Cuban crisis as such but it was obvious this was what he was referring to in speaking of the difficult period of recent weeks.

"The danger is certainly not past and we will continue to live in crisis and danger, certainly through this decade," Kennedy said.

"Therefore, we will continue to call upon your services in the future as we have in the past days."

Kennedy said the United States is "the guarantor of the independence of dozens of countries stretching around the world."

"And the reason that we are able to guarantee the freedom of those countries and to maintain that guarantee and make it good is because of you and your comrades in arms."

"And there are a million of your comrades in uniform outside of the United States who are also part of the keystone of the arch of freedom throughout the globe," President said.

"This country does not forget God or the soldier. Upon both, we now depend."

The division, by coincidence was declared combat ready on

Wants Heavy Industry for Arkansas

LITTLE ROCK (AP)—Four Arkansas labor officials said Monday it was time for Arkansas to attract heavy industry rather than offering inducements to those that can move in and out of the state easily.

Robert Parker of Fayetteville, Herb Bingham of North Little Rock and Bill Weeks and Allen Bryant of Hot Springs advocated acquisition by the state of more "blue chip" industries instead of "the soft industries the state is now getting."

They were in Little Rock for the fourth annual convention of the Arkansas AFL-CIO.

Offers of tax waivers, free land and other aids enable certain in-

Oct. 22—the day Kennedy went before the nation and announced the arms blockade of Cuba.

It actually had been alerted for movement the day before and the entire division of 15,561 men was moved by rail and air to Ft. Stewart during the next two weeks.

The division now is spread in various places in Georgia and Florida.

Although its assignment is described as a mobility exercise, the division was in position to move swiftly into action if the United States had decided to move against Communist Cuba.

Kennedy received a 21-gun salute on his arrival at Ft. Stewart, and used for training in tank and antiaircraft artillery.

dustries to move in and out of the fourth annual convention of the Arkansas AFL-CIO.

Parker is president of Food Handlers Local 425 of the Amalgamated Meat Cutters. Bingham is international representative for United Auto Workers. Weeks is president of Local 6508 of the Communications Workers of America and Bryant is sub-district director for Arkansas United Steel Workers of America.

Once plants have operated in "almost-free" buildings for three or four years, they said, their obligations increase and they move to another state offering tax inducements.

Acceptance of the "easy, overnight" plants results only in a few years low wages, they said. Semi-transient industries also serve to "defeat the tax structure" of the state, they added.

Unions have little control and the Arkansas Industrial Development Commission is bringing in "soft industry" to "keep plant from unionizing," Bingham charged.

He said heavy industry would both increase unions in the state and improve its economy.

The Arkansas River project, he said, may brighten prospects for attractive of heavy industry.

Gov. Orval Faubus told the delegates more construction is underway now in the state than ever before.

AFL-CIO attorney Jim Young said laws were being pro-25th state.

posed in Congress to virtually eliminate unions. He charged that the laws called for by Sen. John L. McClellan in a recent article were not to curb "intolerable abuses" by the unions, as the senator said, and were not for the purpose of regulating them.

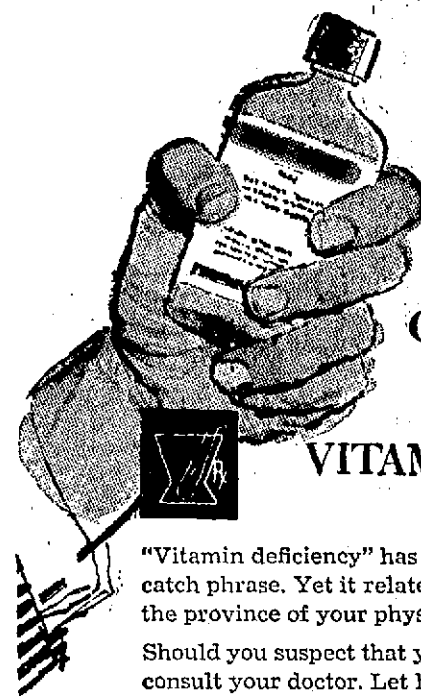

The group also heard Stanton Smith of Washington, co-ordinator for the national AFL-CIO of state and local central labor bodies. Joe Beirne, president of the Communication Workers of America and Emil Mazey, international secretary-treasurer of the United Auto Workers, were to speak to delegates today.

George Ellison was nominated to serve another term as president of the organization. He was unopposed, as were Paul McClure of Benton for vice president and Bill Becker of Little Rock as secretary-treasurer.

Officers were to be elected today.

In other action the convention voted to change the date of its annual meeting from November to May or June. It also voted to expand its executive board to 20 members and to allow election of two members from each of the 12 congressional district and one from each of the 12 largest international unions represented in the state. Members were previously elected at large.

Arkansas was admitted to the AFL-CIO on June 15, 1936 as the 44th state.

BEWARE OF BALLYHOO VITAMINS

"Vitamin deficiency" has become a kind of catch phrase. Yet it relates to health, the province of your physician.

Should you suspect that you need vitamins, consult your doctor. Let him decide what vitamins, if any, are required.

How much more sensible a procedure than to succumb impetuously to nonprofessional ballyhoo for all-purpose, bargain vitamins.

Rely on your physician's advice. When he writes a prescription, we are prepared to fill it promptly.

Ford ideas so contagious
they started a new trend in cars!

If you think today's cars have a lot in common, credit the Ford sketches above. For these ideas sparked a revolution in car design that's reflected wherever you look on the American road.

Ford ideas have a habit of being exciting—practical, too. Consider the innovations found only in our '63s. There is Ford Galaxie's smooth new velvet ride. It cost Ford \$10 million to bring it to you, but costs you not a penny extra to enjoy. There is

Ford's full twice-a-year or 6,000-mile maintenance* schedule that cuts service worry and expense to a minimum. There's a new manual transmission that lets you shift down from second to first without coming to a stop. And for '63, there's the biggest choice of models ever offered—44 in all!

Only Ford offers all these advantages now. Other cars will eventually catch up—but if you can't wait, here's a tip. See your Ford Dealer today!

America's liveliest, most care-free cars!

a recently purchased piano. The public is invited.

Suggs Family Reunion
Members of the Suggs family held a reunion on Thanksgiving at the Hope W.O.W. Hall. Those attending were Ed Marcum, Des Moines, Iowa, Mr. and Mrs. Roland Marcum and Crystal of Shreveport, Mrs. T. R. Steele and Mrs. Marguerite McKnight of Texarkana, Mr. and Mrs. Vance Marcum and family, Mrs. H. B. Marcum, Rev. Harold Marcum and family and Mrs. Jessie Marcum of Hope and Mr. and Mrs. C. R. White of Columbus.

Willie-Dudley Rites Are Held

Mr. and Mrs. H. A. Willett of Hope announce the marriage of their daughter, Patsy, to Earl H. Dudley, son of Mr. and Mrs. Earl L. Dudley, also of Hope, on Nov. 20 in Dallas, Tex.

The bride is a graduate of Blewett High School, and the bridegroom finished Hope High School. They will make their home in Dallas, where both are employed.

Bride-Eldest Entertained At A Breakfast

Bride-elect Miss Cynthia Forster was entertained with a breakfast at the Barlow on the morning of her wedding, to James Blake Owen, Thursday, November 22. Misses Dorothy Smith and Pamela Aslin were hostesses and decorated the tables with chrysanthemums.

A gift of silver was presented to the honoree, who chose this time to present gifts to her attendants. Covers were laid for 12, including the honoree, her mother and sis-

CHATTER

By BILL RALEY

If you think we are unduly excited at Rayley's Style Shoppe, you are so right! And there is a reason for it. When Thanksgiving comes, Christmas can't be far behind!

And that brings up the business of decorating the shop. There are many ideas and opinions and the conversation goes something like this: "Start early, get your Christmas decorations up; it gives you the spirit." The next person will say: "Thank goodness you are not rushing things; we dislike these merchants who can't wait to start commercializing on Christmas."

Reminds us of the man who was asked his formula for success. He had no answer for that but could tell anyone how to be unsuccessful. "Just try to please everybody."

Well, we are trying to hit a happy medium. Little by little our decorations are shaping up, but we have the merchandise in stock, and it is as Christmas as you have ever seen!

To begin with, we are showing holiday dresses. There are many reasons why you should get yourself outfitted before you start down that long, long list. There is a great satisfaction in knowing that you can go to your closet and slip into something new when the first party invitation arrives.

The simple bare armed sheath with high round neck. Pale and pretty pastel dresses with wide but shallow scoop neck and brief setin sleeves. Graceful skirt of soft pleats \$19.95

For simple elegance, the velvet dress (shown in our ad at left) will be perfect for that dinner date.

These are but a few, a very few, and as you know we cannot describe them all. We invite you to see for yourself, and we hope to be seeing you at Rayley's Style Shoppe, Hope's House of Fashion.

ter, Mrs. Taylor Forster and Miss Susan Forster, Mrs. Ben Owen and Miss Judy Owen, mother and sister of the future bridegroom, Mrs. Ed Aslin, Mrs. Royce Smith, Mrs. Fred Forster of Dallas, Tex., aunt of the honoree, Misses Ann Thompson and Cornelia Hutchins, both of Columbus, Miss., and the hostesses.

Coming and Going

Miss Sonya Sommerville, Dallas, Tex., and Miss Suzanne Sommerville, Waco, Tex., were Thanksgiving holiday guests of their mother, Mrs. Frances Sue Sommerville.

The Calvin Parkers have been visiting from Virginia with Mrs. Richards, Howard and Mrs. E. S. Richards.

Mr. and Mrs. Charles Benson, Susan and Chuck of Richardson, Tex., returned home Sunday after spending the Thanksgiving holidays with Mr. and Mrs. H. E. Benson.

Mrs. Haskell Jones, Mr. and Mrs. Minor Polk and Toni, and Mrs. James Hamilton of Emmet took Mitzi Polk and Carolyn Hamilton back to the Children's Colony in Conway this weekend after they had spent the Thanksgiving holidays at home.

Mr. and Mrs. Sonny Fink and Mr. and Mrs. James E. Cornelius, all of Fayetteville, were the Thanksgiving guests of Mrs. Alma Cornelius.

Mrs. Madge Burgess and Joe spent Thanksgiving with the Minor Polks.

Airman and Mrs. Wayne Bailey returned to his base in Little Rock Sunday after spending the holidays with Mr. and Mrs. Aubrey Bailey.

The Lawrence Albritton family, Comroe, Texas, were the Thanksgiving guests of Mr. and Mrs. A. Albritton and Mr. and Mrs. Corbin Foster.

Mr. and Mrs. Lex Helms, Jr., attended the graduation exercises at Iowa State University in Ames, Iowa, last Wednesday and saw their daughter, Diane receive her degree. They spent Thanksgiving in Des Moines with Mr. and Mrs. Frank Munsell.

Mr. and Mrs. Raymond Jones spent Thanksgiving with their son, Freddie, in Dallas, Tex.

Tena Louise Pilkinton of Lendenwood College, St. Charles, Mo., spent the Thanksgiving Holidays with her parents, Judge and Mrs. James H. Pilkinton. She returned to school Sunday afternoon by plane from Little Rock.

Mineral Output

LITTLE ROCK (AP)—The state's mineral output in 1961 was valued at \$149,100,000 down six percent from the record 1960 output of \$158,300,000, the federal Bureau of Mines said Monday. The Bureau said bauxite production decreased from 1,932,071 long tons at a value of \$20,469,000 in 1960 to 1,778,898 long tons in 1961 with a value of \$13,442,000. The value of petroleum decreased by about \$3 million, with production dropping from 30,117,000 barrels in 1960 to 29,249,000 barrels in 1961, the bureau said. The 1961 petroleum value was \$80,435,000.

Mrs. Clifford William Bridges Jr.

The wedding of Miss Jeanetta Cole and Clifford William Bridges, Jr., was solemnized Wednesday evening, Sept. 26 in the First Methodist Church of West Memphis, Ark.

The bride is the daughter of Mr. and Mrs. Theodore Roosevelt Cole

of Steele, Mo., had the bridegroom is the son of Mr. and Mrs. Clifford William Bridges of Hope.

The couple now resides at 23 S. Pauline, Memphis, Tenn. where the bridegroom is a student in the School of Pharmacy at University of Tennessee Medical School.

DOROTHY DIX

Her Heart Runs Away With Her Head

By HELEN WORDEN ERSKINE

Dear Helen: I am the altruistic type; give more than I receive and though continually hurt by people (being extremely sensitive), keep on believing in them. My heart runs away with my head which is probably why tragedy has me backed against the wall now. I married a burglar! He told me when we met in 1957 that he had served time and gone straight. He was soft-spoken, nice appearing and a good, steady worker. My family and friends at church thought him wonderful.

Having been married before and left with four children, this man, despite his past, seemed an answer to prayer. The first few months were heaven, then we had a terrible quarrel and he reverted to his old ways. That broke me up almost as much as his leaving. He and his cousin ran a store but got no money. Nevertheless, because of his previous record, he went to prison. Despite our wretched quarrel and subsequent separation, I struck by him: wrote regularly, sent little gifts (just those the prison allowed) and, when possible, went to see him.

Those visits were so depressing; the smell of disinfectants; the sound of the prison gates opening and shutting; the dreary waiting in line; the sad faces; then the halting words with the man whom I loved. There was always so much left unsaid — torture for both of us.

Now he's back with me on a year's parole and turning our marriage into a living hell by his insane jealousy. He calls me names that even a street walker doesn't hear. If I go to the grocery two blocks away, I have to be escorted by my teen son or daughter. Last evening I went to inquire about a baby-sitting job. My husband took me and, because the interview consumed some 25 minutes, sent my son in to see if I was talking to a man and to tell me to come right home.

Last week an 80-year-old man who lives down the block said hello to me and my husband tried to knock him down. I know that he needs me but — I can take just so much. What to do? — Heartbroken

Dear Heartbroken: The answer to your problem lies in your husband's powerful attachment for you. Use it as a lever of rehabilitation.

See his frenzied jealousy as desperate fear of losing you; fear bred by the insecurity of all those prison records to dog them. That terrible quarrel — what ever it was about — sent him off on the wrong track again. Get him on the right one by unfaltering faith in his ability to stage a comeback. Your reaction to those prison visits evidently depresses him, else he wouldn't be so savagely possessive. From the intent of the man I'd say he was of worth salvaging. Such a course involves self-sacrifice and devotion to a cause which calls for plenty of fortitude. Do you feel of \$20,469,000 in 1960 to 1,778,898 long tons in 1961 with a value of \$13,442,000. The value of petroleum decreased by about \$3 million, with production dropping from 30,117,000 barrels in 1960 to 29,249,000 barrels in 1961, the bureau said. The 1961 petroleum value was \$80,435,000.

Dear Helen: I am a would-be grandmother. I say "would be" because my son and his wife are divorced. She took the children

state ran off and deserted them. utate authorities located the forsaken darlings.

My son said, "Their mother doesn't love our kids. Put them out for adoption." I was in Texas but took the next plane home. I was too late, my son had already signed the adoption papers. I know that the children are better off as neither parent wanted them. If only I could be permitted to see them once in a while and be assured that they are well and happy!

Their father has since remarried; this time to a woman with two little girls but I just can't bring myself to accept them because of what he has done to his own flesh and blood. Please advise me what to do. The people who adopted them are somewhere in San Jose, Calif. — Broken-hearted Grandmother

Dear Broken-Hearted: Check with your local clerk of court. All adoption papers must be filed and should carry both the names of the adoption agency handling the case and the people who adopt the children.

Once you obtain the names, consult the agency before attempting to see your grandchildren. If the case worker gives you reassuring news, don't press the matter. Give the youngsters a chance to get adjusted. Be realistic. What's done, can't be undone. The people who adopted the youngsters are legally their parents. Interference from you may present a definite threat to the children's happiness. Trust in the authorities. If the papers are not filed, the adoption isn't legal.

Memo to Miss Confidential 18. Any boy who would treat you as the one in question did, is not worthy of your love. Chuck him before you break your parents' hearts.

Send your problem to Helen Worden Erskine. Be sure to enclose a stamped, self-addressed envelope and address her care of this newspaper. Helpful leaflets available. Write for "Broken Romances."

55 Places in Golf Meet Up for Grabs

WEST PALM BEACH, Fla. (AP)—Fifty-five places in the West Palm Beach Open Golf Tournament go up for grabs today and 140 pros and 30 amateurs will go after them.

In addition, 95 players were exempt from qualifying and the tournament, which starts Thursday following a pro-am tournament, has drawn 11 of the top 20 money winners.

It will mark the return of U.S. Open champion Jack Nicklaus after a two-month layoff. Gary Brewer is defending champion. Herman Schlarau turned in the best practice round Monday when he bowed the par 72 West Palm Beach Country Club course in 33:35—66 for a 4-under.

Another Series of Doubletalk

By HAL BOYLE

NEW YORK (AP)—It has been some time since we had a drill in double-talk, the art of saying one thing while you're thinking another.

Well, we can't afford to get rusty, can we? To brush you up on your double-talk, here are a few seasonal examples—followed by what they really mean.

"You know I don't really care what you give me for Christmas—it's the spirit that counts." But if it doesn't come from a jewelry store, you might as well give up the ghost.

"Of course I still believe in Santa Claus, Papa." Smart girls do at any age, Daddy-O.

"Gee, Boss, thanks a lot. I didn't expect a bonus this size." Frankly, you old tightwad, I thought it would be at least twice as big.

"Ho, ho, ho! And what do you want me to put in your Christmas stocking, my little man? If you try to pull off my beard just one more time, you little runt, I'll put a tarantula in it."

"That's all right, ladies, look around all you like." You're being watched by three store detectives and a hidden television camera.

"Gee, I'd love to get you that engagement ring in the window Esmeralda, except—" Except I can't afford to—until you inherit some money.

"I always feel sentimental this time of year. Everything is so beautiful it makes me want to cry." But I'm tired of staring at pretty windows, you big lug. Take me to dinner—now!

"No, madame, I don't think your husband would find that necktie to garish." But it would make a fine rescue flag if he's ever lost at sea.

"Remember, boys, this time of year we all share our tips." The first guy I catch holding out is going to get lumps under his big blue eyes.

"Quit crying, little girl, we're not going to send you to jail just because you dropped and broke a \$50 doll." The law won't let us.

"Our policy is, 'The customer is always right.'" We're still trying to settle the lawsuits that sprang from the last one.

"Mister, could you spare a poor old bum a quarter for a bowl of soup?" Make it four bits, big shot, and I can get a bottle.

"God bless you for your generosity, sir." how do you like that? The cheapsteak forked over a nickel and three pennies!

Drug Stock Transfer Is Upheld

LITTLE ROCK (AP)—The Arkansas Supreme Court upheld today a lower court decision approving transfer of stock in the City Drug Co., Inc., of Paragould.

The 80 shares of stock were by Dr. E. D. McKelvy. Certain other stockholders claimed a right to acquire stock after McKelvy was declared bankrupt in September 1961.

Stockholders involved in the Greene County Chancery Court proceedings were A. H. Maddox, Rex N. Moore, Solon McGaughey, Omer E. Bradsher and Jimmy C. Dodd. The drug company also was named in the action.

Lee Ward, former chancery judge and one time candidate for governor was appointed trustee in bankruptcy for McKelvy and processed the appeal to the Supreme Court.

The stockholders claimed their right to acquire the stock for \$21,703.31. The trustee in bankruptcy contended the stock was worth \$48,000.

The court held that an agreement entered into by all the stockholders, including McKelvy, over a year before his entering the bankruptcy plea was "fair." The agreement was that each stockholder in the corporation had the right to acquire any pledged stock at a determinable value.

The court said evidence showed the amount offered for McKelvy's stock was in accordance with the agreement of April 18, 1960.

In a Crittenden Circuit Court case, the Supreme Court reversed the lower court, which had awarded damages totaling \$55,811.55 in an automobile accident case. The three-car collision occurred in July 1959 on Highway 55 in Crittenden County.

Mary White, driver of one of the automobiles, was the leading beneficiary in the lower court ruling. She was awarded \$47,500. She and three minor children who were occupants of the car were injured in the collision.

In reversing the lower court, the Supreme Court took exception to the grouping of the parties involved in the court action for the purpose of challenging prospective jurors.

The original suit was brought by E. L. Heckinger, owner of a wrecker involved in the accident, erosity, sir." how do you like that? The cheapsteak forked over a nickel and three pennies!

In 1827, the price of salt was \$1.50 a bushel.

and his driver, Vernon Odell Griggs. They filed suit against T. M. Utley, owner of a truck that allegedly struck the rear of Mary White's car, knocking it against the wrecker.

Utley filed a cross complaint naming Heckinger and Griggs third party defendants. Lovie Allen then filed suits against Utley, Heckinger and Griggs as mother of the children injured in the wreck.

The cases were consolidated for trial in Circuit Court.

The court directed the clerk to furnish the parties with a list of 21 prospective jurors from which to select 12. The court allowed three challenges each for Heckinger and Griggs, Mary White and Lovie Allen Utley.

In its opinion, the Supreme Court said that under the statutes the trial court must have some discretion in the grouping of parties for the purpose of challenging prospective jurors. The high court said, however, the "fairest grouping" in the accident case would have been to allow Heckinger, Mary White and Lovie Allen three challenges and three challenges for Utley.

The case was remanded for a new trial.

Penn State, Villanova in Bowl Game

By THE ASSOCIATED PRESS

Penn State and Villanova have joined the rapidly expanding list of teams which have accepted bids to post-season college football bowl games.

Penn State (9-1), ranked ninth in the nation and best in the East, voted Monday night to play in the Gator Bowl in Jacksonville, Fla., Dec. 29. Faculty representatives approved the team vote a few hours later.

Villanova (7-2) accepted a bid to be the host team in the Liberty Bowl in Philadelphia, Dec. 15. An opponent was expected to be named today, with Oregon State the most likely choice.

Penn State players voted overwhelmingly to accept the Gator Bowl spot, their action coming only a few hours after the Nittany Penn State players voted overwhelmingly to accept the Gator Bowl spot, their action coming only a few hours after the Nittany

Lions had been named winner of the Lambert Trophy, emblematic of the major college championship in the East.

In 1827, the price of salt was \$1.50 a bushel.

MAN ON THE SKEWBALD MARE

By Nelson C. Nye

© Nelson C. Nye 1962

Reprinted by Newspaper Company, Inc.

Bunny, cheerfully smiling helped him sit up.

THE STORY: Stranded on the desert without water, Rafe is rescued by Wilbur Pike and his daughter Bunny, who is caring for him.

II

No sooner had they gone than Rafe, turned quiet, cautiously opened one eye. By the bend and color of the sun coming in it was apparent the evening was pretty well along. He looked around for his clothes. "A pretty kettle of fish!" he growled when, unable to discover them, he shoved his legs out from under the bedding. Whatever this pair had in their minds for him it boded no good, he was convinced of that.

In the light of past experience he could hardly be blamed for his dark suspicions. Over in West Texas a law-abiding Rebel didn't have no more rights than a chicken has drawers. Carpetbaggers were all over that country, grabbing and yanking like a clutch of snapping turtles, confiscating ranches and every sort of business that might be bludgeoned into yielding faintest sign of a profit. What couldn't be snatched by sheer push and beller they picked up through the courts at 20 cents on the dollar. Any native that dared to keep up his health had to eat crow and bow and scrape like a lackey while they took away his substance. Rafe was almighty sure this red-haired Delilah and her overgrown moose of a father hadn't done what they were doing out of plain Christian charity or the milk of human kindness. There was a long sharp hook tucked away in this deal someplace.

He had felt a sight better in that bed than he did on his feet. With the sweat cracking through the pores of his skin he shook like

Aerospace Issues Up the Market

NEW YORK (AP)—Demand for aerospace issues helped push the stock market rally into a fifth week early this afternoon.

Trading was active from the start and the ticker lagged behind floor transactions twice during the morning.

At noon the AP average of 60 stocks was higher by 1.1 at 239.3, or more than half of Friday's total gain. Industrials were up 1.5, rails ahead 4 and utilities by .8.

Most gains of key stocks were fractional although some reached a full point. There was a scattering of small minus signs.

IBM was ahead by 4 at one time but soon fell back to a gain of about half that.

Grumman jumped 2 1/2. Boeing fell nearly 4 then recovered part of that loss.

McDonnell Aircraft was off about 1.

Generally higher were steels, utilities, rails, tobaccos, drugs and mail order-retail shares. Motors were narrowly mixed and metals, chemicals, rubbers and oils also were irregular.

Chrysler was down more than 1.

Liton Industries was up more than 2. Commercial Credit gained more than 1.

At noon the Dow Jones industrial average was ahead 2.21 at 647.08.

Carpetbaggers were all over that country, grabbing and yanking like a clutch of snapping turtles, confiscating ranches and every sort of business that might be bludgeoned into yielding faintest sign of a profit. What couldn't be snatched by sheer push and beller they picked up through the courts at 20 cents on the dollar. Any native that dared to keep up his health had to eat crow and bow and scrape like a lackey while they took away his substance. Rafe was almighty sure this red-haired Delilah and her overgrown moose of a father hadn't done what they were doing out of plain Christian charity or the milk of human kindness. There was a long sharp hook tucked away in this deal someplace.

He had felt a sight better in that bed than he did on his feet. With the sweat cracking through the pores of his skin he shook like

NEW MOON—A picture of the moon more vivid than one taken through a single telescope is made possible by combining photographs from widely scattered observatories. Army Map Service in Washington, D.C. put together the mosaic above using many photos taken at different times at various points on the earth. Topographical features of each section of the moon are thus seen as they appear under optimum lighting conditions.

clothes. What she brought was a washcloth and razor and a mug with a brush in it.

Rafe said suspiciously: "What's them for?"

"Don't you want to freshen up?"

"What I want is my clothes!"

"Patience," she smiled. "Mending a body isn't done in one day."

"If you think," Rafe glared, "I'm about to be a guinea pig for your old man—"

"Don't you want to get your strength back?"

"I'll get it back, don't you worry about that!"

With a week's growth of whiskers and his hair every which way it was no wonder Bunny, blanching, hastily backed out of reach.

"I'll fetch Daddy," she said, hand on the door.

"You fetch my horse an' get my clothes or I'm bustin' out here just like I am!" he yelled, and Bunny left on the run.

Looked like that ought to do it, he thought, settling back. You had to take a firm hand with these conniving Yankees, let them know where you stood, or they would steal the fillings right out of your teeth. There was just one thing they couldn't face up to—being made to look a fool.

This was Rafe's cherished conviction, but as the half hours dragged by and the sun began climbing ever nearer to high noon it became apparent that, in Bunny, he'd met a different breed of cat. Scowling, furious, he grabbed up the stool and commenced hammering the wall with it, punctuating this clamor with some pretty inflammable language.

When 10 minutes of this brought nothing but a flock of frogs into his throat, he decided if he was ever to get out of

Porkers Wind Up in 6th Place in Poll

By BOB GREEN

Associated Press Sports Writer

As has happened so often in the past, Notre Dame again holds the key to the national collegiate football championship.

Coach Joe Kuharich's lads from South Bend aren't in the running for the crown their old grads won eight times, but the outcome of their game with Southern California Saturday well could be the determining factor in this year's championship.

Southern California, with the Rose Bowl berth in hand and an unbeaten, untied season in sight closes its regular season against the Fighting Irish in Los Angeles.

The Trojans, unbeaten in nine games, fought off a strong challenge by Big Ten champion Wisconsin and retained the No. 1 spot in weekly Associated Press rankings.

The national champion will be determined in next week's final poll of the season.

Southern Cal, which secured the Big Six title in a 14-3 comeback triumph over UCLA, gained 19 of 43 first place votes and 397 points on the basis of 10 for first, nine for second and so on.

Wisconsin (8-1) closed its season and won the visiting spot in the Rose Bowl with a 14-9 victory over Minnesota. The Badgers advanced from third to second in the rankings, just 37 points back of Southern California. They took nine first place votes.

The top ten with first place votes in parenthesis:

1. Southern California (19) 397
2. Wisconsin (9) 370
3. Mississippi (12) 350
4. Texas 299
5. Alabama 230
6. Arkansas 187
7. Louisiana State 155
8. Oklahoma 132
9. Penn State 129
10. Minnesota 64

Bobby Layne Is Benched at Last

PITTSBURGH (AP) — A small segment of Pittsburgh's capricious pro football fans have accomplished what few National Football League rivals have done in 15 years—benched Bobby Layne.

Troubled by the vociferous booing Layne has suffered all season by hometown fans, Coach Bud Parker said Monday night he will keep his veteran quarterback on the sidelines when the Steelers play the St. Louis Cardinals at Forbes Field Sunday.

"I don't think he should be subjected to the abuse of the fans," Parker said. "Bobby doesn't play as well at home as he does away. The booing has affected his play. I'm not saying that Bobby won't play at all, but it is doubtful."

Booing isn't really new for the 34-year-old Layne. But this year the malcontented Pittsburgh fans have been particularly loud and derisive.

AIC Begins Basketball

By THE ASSOCIATED PRESS

Two Arkansas intercollegiate basketball teams met to out-of-state foes Monday night.

Northeast Louisiana clubber Southern State 74-56 at Monroe La., and Christian Brothers College posted Harding College 89-66 at Memphis.

Al Cash tied CBC's scoring record of 36 points as he paced the Buccaneers to victory over the Searcy college. Vernon Rogers, dumped in 23 points for Harding—the only Bison to score in double figures.

Milton Linder's 21 points carried Northeast Louisiana out of Southern State's reach. Charles Crumpler hit 17 points for Southern.

It was the third victory against no losses for Northeast, and it was the season opener for the Mag-nolia team.

When to Fish or Hunt Solunar Tables

By John Alden Knight

The schedule of Solunar period as printed below, has been taken from John Alden Knight's Solunar Tables. Plan your days so that you will be fishing in good territory or hunting in good cover during these times, if you wish to find the best sport that each day has to offer.

The Major periods are shown in bold face type. These begin at the time shown and last for an hour and a half or two hours there after. The minor periods, shown in regular type, are of somewhat shorter duration.

Minor Major Minor Major

Tues .. 5:00 11:25 5:35 11:50

Wed ... 6:05 ——— 6:20 12:10

Thurs ... 6:55 12:40 7:15 1:05

Fri ... 7:50 1:35 8:15 2:05

Curtice Fired at Stanford

STANFORD, Calif. (AP)—Curtis Jack Curtice, elected last year's president of the Football Coaches Association for his gruff leadership, has been fired at Stanford head coach.

School authorities wouldn't comment, but The Associated Press learned Monday that the man who had known nothing but coaching success prior to coming to Stanford has been bounced after five years on the job.

An authoritative source revealed that Stanford authorities had decided to oust Curtice despite a 30-13 victory over arch foe California last Saturday that climaxed a 5-5 season, his best with the Indians.

Over-all, however, Curtice had won only 14 while losing 36 at the Stanford helm.

At Utah, West Texas State and Texas Western, Curtice compiled an 84-49-7 record.

Coaches Pick All American Grid Team

RADNOR, Pa. (AP) — Terry Baker, Oregon State's spectacular quarterback, and two other West Coast players were named today to the 1962 college football all-star team picked by members of the American Football Coaches Association.

The other West Coasters were tackle Steve Barnett of Oregon and end Hal Bedsole of Southern California. They were the first Pacific Coast players chosen by the coaches since 1959.

Tom Myers of Northwestern was voted sophomore of the year by the coaches.

The First Team
Ends — Hal Bedsole, Southern California, and Pat Richter, Wisconsin.

Tackles — Bobby Bell, Minnesota, and Steve Barnett, Oregon.
Guards — Johnny Treadwell, Texas, and Rufus Guthrie, Georgia Tech.

Center — Lee Roy Jordan, Alabama.

Quarterback — Terry Baker, Oregon State.

Halfbacks — Jerry Stovall, Louisiana State, and Roger Kochman, Penn State.

Fullback — George Sannes, Michigan State.

Results of the voting by more than 500 coaches were announced by Bill Murray, AFCA president and head coach at Duke, in the Dec. 1 issue of TV Guide magazine.

This Autumn Filled With Death, Fear

By JAMES MARLOW

Associated Press News Analyst

WASHINGTON (AP) — This crisp and lovely autumn has been a time of death, fear, revolution, uncertainty and disillusionment for men and nations, stretching across seas and continents.

Death and disillusionment hit Asia, Swift and sudden revolution burst in the Middle East. There was uncertainty in Europe. Fear of war circled over Cuba and the world.

In India Prime Minister Nehru, who ducked reality in trying to play shrewd by playing neutral, talked in terms of brotherhood with the Red Chinese.

This autumn he had to watch almost helplessly as Chinese forces smashed across the Indian frontier, killing Nehru's ill-equipped troops as they went, for reasons they haven't yet chosen to reveal.

As this is being written the bewildered prime minister doesn't know whether the Red armies will sweep down out of the mountains and across the plains of India.

He needed time to build a decent society out of the colossal poverty of India. If he didn't have to spend money on arms, he could use it for desperate peaceful needs of his country.

He thought the answer to time and money was in starting aloof from the contest between the West and communism. He even thought in the end Russia would save him from the Chinese. It didn't.

Now he finds the Communists used and abused him. Meanwhile, his people are dying under the Chinese guns. But even now, in his moment of Indian agony, while he cries for Western arms he still clings to neutralism.

In Yemen revolutionaries, overthrew the king in a savage stroke which may be only the beginning on bloodshed in the Middle East if the kings of Jordan and Saudi Arabia, fearing their own future, move in.

In Europe Chancellor Adenauer's regime was shaky from the discontent of West Germans with his defense minister, Franz Josef Strauss, for the way he cracked down on his critics on the staff of a magazine, Der Spiegel.

In France elections Sunday seemed to strengthen the hand of president Charles de Gaulle who has been trying to strengthen the office he holds at the expense of Parliament and the French people's party system which in the past has been erratic to the point of irresponsibility.

For one week after President Kennedy demanded the Russians

marre, chairman of the Board of Elections, said the count of some 6,000 absentee and shut-in ballots will not get under way until late Tuesday.

The delay was caused by Republican officials asking that the ballots from unregistered servicemen be numbered before they are counted so they may be identified for challenging if necessary.

Machine totals in the race gave Republican John H. Chafee a 77-vote lead over Democratic Gov. John A. Notte Jr.

Filly Captures Second Title

PHOENIX, Ariz. (AP)—Christopher T. Chenery's Cicada, the 1961 2-year-old filly champion, won her second straight title today when she was named the best 3-year-old filly of 1962 by the Thoroughbred Racing Associations' board of selection.

The daughter of Bryan G. Salusum, bred by Chenery's Meadow Stud, was the unanimous choice of the 28 racing secretaries representing the TRA's 46 member tracks just as she was in taking the 2-year-old title a year ago.

SWC to Close Out Play on Weekend

By THE ASSOCIATED PRESS

Four Southwest Conference football camps were still active today as they prepared for the final games of the season and indications were that there would be few players on the injury lists.

Rice and Baylor close out at Waco while Southern Methodist and Texas Christian play at Dallas.

Texas Tech and Texas A&M stowed away the moleskins, their season over. Texas and Arkansas took a vacation before returning to the practice field to start getting ready for bowl games.

Texas, which meets Louisiana State in the Cotton Bowl, took off for 10 days. Arkansas, which plays in the Sugar Bowl probably against Mississippi, planned to be away for the practice field for two weeks.

Baylor had players on the doubtful list for next Saturday's game. Linebacker Bobby Mamples may not be ready and three players who missed the Southern Methodist game last Saturday — end James Ingram, tackle Arturo Delgado and fullback Dalton Hoffman — also are doubtful.

Rice, which didn't complete a pass against Texas Christian Saturday, worked on aerial tactics in an effort to correct this situation against Baylor since they meet the conference's leading passer—Dor Trull—which is after some records.

Texas Christian was in good physical condition and also will have end Ben Nix back.

Southern Methodist found itself battered and bruised bit all hands except possibly quarterback Dor Campbell, who missed the Baylor game, will be ready to go Saturday.

Billy Moore Leads SWC in Statistics

DALLAS (AP) — Billy Moore, the versatile Arkansas quarterback, appears to have clinched ball-carrying and scoring honor in Southwest Conference football.

Moore gained only 42 yards against Texas Tech Saturday but he has a total of 585 yards for the season in 131 attempts and that's 105 yards better than the runner-up, Jesse Branch of Arkansas.

The closest rusher to Moore with a game yet to play is Tommy Joe Crutcher, Texas Christian fullback, who has 408 yards.

Meanwhile, Don Trull of Baylor who has a wide lead in passing—enough to indicate he, too, has clinched the championship — is closing in on league records. Trull has 109 completions, only three short of the conference record and he has another game to play—against Rice at Waco Saturday.

Trull's 1,38 yards is only 119 shy of the conference record of 1,506 set by Davey O'Brien at Texas Christian in 1938.

The Baylor quarterback's total offense of 1,509 yards—which leads the conference—is the best posted in the league since Lamar McHan of Arkansas gained 1,516 in 1953 but he may not be able to reach the conference record in this category. Gilbert Bartosh of Texas Christian had 1,733 in 1950.

Moore is second in total offense with 1,258 yards but the Razorback star may be overtaken by Texas Christian's Sonny Gibbs who has 1,085 with a game to play. Moore has finished the season.

Pleads Guilty in Cage Fix Trial

RALEIGH, N.C. (AP) — Joseph Green of New York City entered pleas of guilty today to charges of bribing or attempting to bribe North Carolina State College basketball players to "fix" the point spread of games.

Green entered the pleas on 30 counts involving eight basketball games played by N.C. State in 1959, 1960 and 1961.

The pleas came as the trial of Dave Goldberg and Steve Lekometros, both of St. Louis, was resumed in Wake Superior Court after a Thanksgiving holiday recess.

Green was expected to take the stand as a witness for the state against Goldberg and Lekometros, who are accused of bribing four N.C. State players to shave points.

Solicitor Lester V. Chalmers has described Green as the payoff man in the basketball game-fixing scandal.

Maid of Cotton

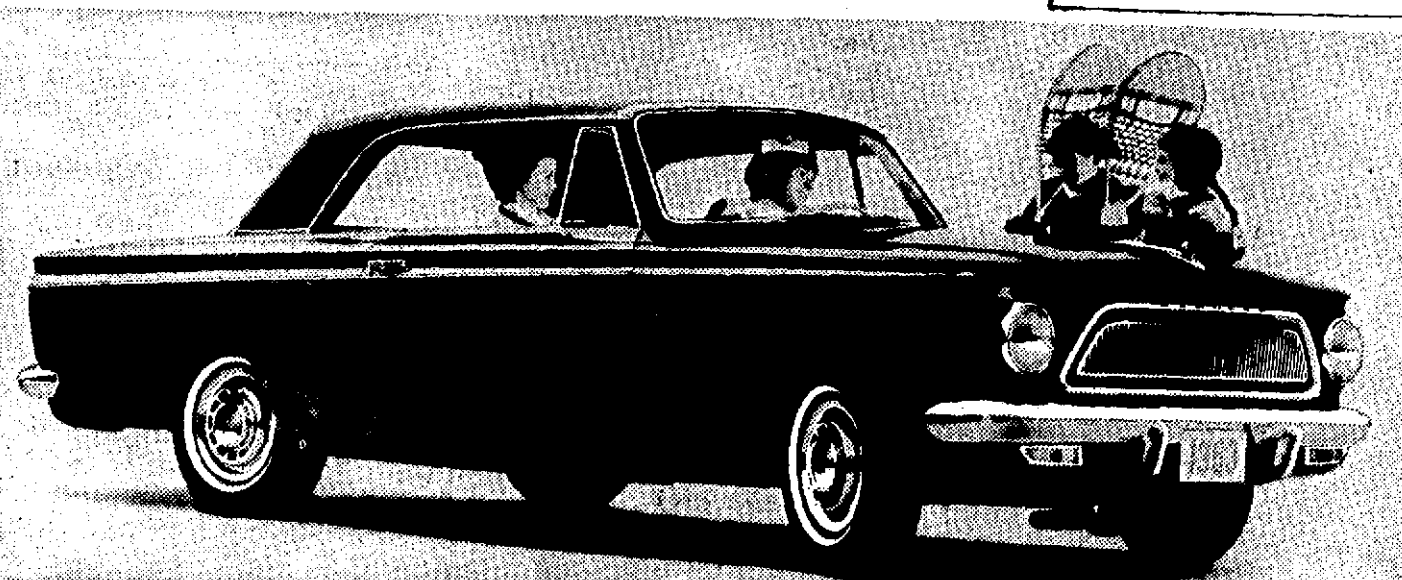

MEMPHIS (AP) — Scarlett Cornwell, 19, of Dardanelle, has entered the 1963 Maid of Cotton Contest. The winner of the contest serves as fashion and good will emissary to the cotton industry during her reign. The University of Arkansas junior has won several beauty and baton twirling honors.
